To whom it may concern,

Re: GawacWin password. Expiry date: 31/12/2020

Thank you for choosing to use Maccaferri's GawacWin software. The password and serial numbers below are case sensitive and are generated with reference to the company name listed. (Please do not enter your own company name)

Serial Number: **2802110019701**

Company Name: **Geofabrics**

Password: **788138956175ACA4**

Please note that Geofabrics Australasia and/or Maccaferri are not responsible for the reliability of the geotechnical parameters assumed or the improper use of the software.

This program considers the physical characteristics of materials as manufactured by the Maccaferri Group and the results will not be realistic if different materials are used.

Please visit www.geofabrics.co where additional information and case studies can be found.

Yours faithfully
