

Sediment Control Products

Geosynthetic Solutions

Controlling the movement of sediment is a major issue today, as increased sediment load affects local ecology, blocks stormwater systems or results in the loss of fertile soil. Geofabrics Australasia offer a range of products to minimise unwanted movement of sediment.

Code	Product	Size (m)	Packaging	Description
SC01	Multi Roll	0.23 x 50	Individual	High strength, multi purpose roll, to suit variable site conditions. Fill with gravel or sand.
SC02*	Filter Tube	0.23 x 1.0	20 per pack	High filtration, reinforced fabric for stormwater inlet protection. Fill with sand.
SC03*	Filter Tube	0.23 x 2.0	10 per pack	
SC04*	Filter Roll	0.23 x 50	Individual	
SC05	Rapiflo Tube	0.23 x 1.0	20 per pack	High flow tube to trap sediment in rapid flow application, manufactured from knitted fabric. Fill with gravel. Green Mesh

*Made from high visibility orange fabric for safety.

IMPORTANT NOTICE - DISCLAIMER

The information contained in this brochure is general in nature. In particular the content of this brochure does not take account of specific conditions that may be present at your site. Site conditions may alter the performance and longevity of the product and in extreme cases may make the product wholly unsuitable. Actual dimensions and performance may vary. If your project requires accuracy to a certain specified tolerance level you must advise us before ordering the product from us. We can then advise whether the product will meet the required tolerances. Where provided, installation instructions cover installation of product in site conditions that are conducive to its use and optimum performance. If you have any doubts as to the installation instructions or their application to your site, please contact us for clarification before commencing installation. This brochure should not be used for construction purposes and in all cases we recommend that advice be obtained from a suitably qualified consulting engineer or industry specialist before proceeding with installation. © Copyright held by Geofabrics Australasia Pty Ltd.
